**Face Fit Testing General Information**

Test Type:	Qualitative Fit Test Method
Duration:	15 to 20 minutes per Face Fit Test.
Cost:	<ul style="list-style-type: none"> <li>▪ Once we issue our invoice, it would be appreciated if you could kindly make the payment promptly, so that we can issue the face fit test certificates as soon as possible.</li> <li>▪ Please note that we price based on the understanding that we will be carrying out a certain number of face fit tests, as requested by you. As you will appreciate, we allocate our staff resource, time and travelling based on this number. If the number changes on the day or we are unable to do all the tests due to reasons beyond our control e.g. staff not shaven or not being able to taste the solution etc, I am afraid we will not be able to reduce or change our price.</li> </ul>
Validity:	The test is generally valid for 3 years (subject to certain conditions).
Certificate:	<p>On completion of the test we will issue a certificate for each person to confirm that they have passed the face fit test for relevant mask make and model.</p> <p><b>Please note:</b> we will not issue any certification until payment for our invoice has been received.</p>
Notes:	<p><u><b>In order to get accurate results could you kindly advise your colleagues to have a clean shave and do not eat, drink, smoke or chew gum 30 minutes before the test.</b></u></p> <p>The test entails each person to go through a number of different exercises (simulating different positions and movements) to ensure that the test reflects the actual working conditions and movements.</p>
